SAME SHIT DIFFERENT DAY

I turn on my TV- what do I see?
Same shit different day!
Listen to what the radio's playing for me
Same shit different day!
Read the newspaper, what's the headline?
Same shit different day!
Surf the internet- tell me what do I find?
Same shit different day!

The politicians tell me everything's alright
Join the army- help win the fight
You do it like this- you do it like that
Billy went to Bagdad and never came back

There's got to be a better way!
There's got to be a better way!
There's got to be a better way!
There's got to be a better way!

Too many people in the unemployment line!
Same shit different day!
While the rich cover up another corporate crime!
Same shit different day!
Why you looking at me like I'm the thief?
Same shit different day!
Sounds like a war, there'll be no peace!
Same shit different day!

Open an e-mail- download a virus
Get ripped off by a 12-year old pirate
You had enough so you try to find a cause
See the Muslims and Christians
Fighting like dogs!

There's got to be a better way!
There's got to be a better way!
There's got to be a better way!
There's got to be a better way!

A better way...
