

'...You found somebody new...Can this be true?' We don't wish that situation on anybody, but if it happens, this song might help! Hendrik Thiesbrummel-Drums, all other instruments and vocals by WZ.'

## RUMOR HAS IT THAT

I heard you got a new friend  
And that this could be the end  
Last night when you went missin'  
Somebody said they saw you kissin'  
They even saw you holding hands  
While you made your future plans  
And you're in such a good mood  
While you treat me so rude

I can't sleep at night and I'm wondering if it's real  
All of these stories- Now tell me what's the deal?

Rumor has it that  
Rumor has it that  
Rumor has it that  
You found somebody new- Can this be true?

I hear it all over town  
There must be something going down  
Because I heard it yesterday  
I didn't know what to say- no!  
That you had bought her a ring  
Call her "your everything"  
I don't know what to believe  
You got me down on my knees!

I'm dreaming at night- wondering if it's real  
All of these stories- tell me how you really feel?

Rumor has it that  
Rumor has it that  
Rumor has it that  
You found somebody new- Can this be true?

I can't sleep at night- wondering if it's real  
All of these stories- Tell me what's the deal?

Rumor has it that  
Rumor has it that  
Rumor has it that  
You found somebody new- Can this be true?
