

'The Middle East Arab Spring inspired this song. We saw people celebrating in the streets. The intentions were good. All instruments and vocals by WZ'

2B FREE

We are sick and tired of the oppression
And forced confession
That's not how we want to live!

The iron rule of aggression
Political suppression
Is that all you have to give?

Everybody want's to be free!
Free! Free! Free!
Everybody want's to be free!
Free! Free! Free! Free!

Everyone has the right to choose
Win or loose?
You can't take the will away!- No!

All around the world
The people are marching in the streets
The tide of freedom is rolling on
Now can't you feel the beat?

Everybody want's to be free!
Free! Free! Free!
Everybody want's to be free!
Free! Free! Free! Free!

Take a look around you now the truth
Is plain to see!
It's time for love, it's time for life, it's time to rise
Out of poverty!

Everybody want's to be free!
Free! Free! Free!
Everybody want's to be free!
Free! Free! Free! Free!

Everybody, Everybody, Everybody want's to be free!
