

'A cool uptempo number with a funky bass! All instruments by WZ'

## HIGHLIFE

High heels and smooth  
Rushing to the interviews  
My lips are red  
You can see it in the morning news  
Diamonds and friends  
Can I trust them in the end?  
Come along with me  
'Cause the stars say we gonna win!

Living the Highlife- Living in the bright lights  
Living the Highlife - We gonna rock the party all night!

Highlife we're living  
Highlife we're giving  
Highlife we're living  
Highlife we're living  
Highlife we're giving  
Givin', givin', givin', givin'!

Let's take it to the stage  
And come out in a rage!  
Let's get it while we can  
Then we can turn the page  
Silver and gold  
Just don't sell your soul  
Be true to yourself  
Or the bright lights will turn cold

Living the Highlife- Living in the bright lights  
Living the Highlife- We gonna rock the party all night!  
Living the Highlife- Living in the bright lights  
Living the Highlife- Living in 5 stars, - hotels, Porsche, shopping nice clothes, I like!

Highlife I'm living  
Highlife I'm giving  
I don't ever wanna stop it!  
Highlife I'm living  
Highlife I'm giving  
I'm walking down the red carpet!

Living the Highlife- Living in the bright lights  
Living the Highlife- We gonna rock the party all night!

Highlife I'm living  
Highlife we're giving...
